MONEY-BACK QUALITY GUARANTEE

Our approach is rooted in meticulous planning, cutting-edge techniques, and a keen eye for detail. We use only the finest materials to ensure that every project stands the test of time — in durability and in looks.

— PICK YOUR THICKNESS

THREE THICKNESSES. EVERY JOB.

REMODEL & OVERLAY

1 1/8"

Thin profile

Resurface existing concrete — patios, walkways, and pool decks — without demolition.

THE STANDARD

2 3/8"

Driveways & patios

The go-to thickness for residential work across South Florida: driveways, pool decks, and patios.

HEAVY DUTY

3 1/8"

Commercial grade

Built for streets, loading areas, and heavy vehicular traffic that standard pavers can't take.

4 × 8

GEM PAVERS CATALOG

4×8 BRICK

1 1/8" • 2 3/8" • 3 1/8"

The workhorse of the catalog and our most versatile paver. Available in all three thicknesses and nineteen color blends, the 4×8 brick handles everything from thin-profile remodels to commercial streets.

MORE FORMATS, SAME GUARANTEE.

8×8

8 × 8 • 2 3/8"

A tidy square module that works on its own or mixed with the 4×8 brick for multi-size patterns.

TURFBLOCK

GRASS PAVER • 3 1/8"

An open-grid paver that lets grass grow through the cells — a permeable, heavy-duty solution for driveways, overflow parking, and drainage-sensitive areas.

WEDGE

TAPERED UNIT • 2 3/8"

A tapered paver made for curves — fans, circles, and radius work that standard rectangles can't follow cleanly.

Ask about current color availability — every blend is manufactured in Miami and stocked at the plant.

SPECIALTY PAVERS

(01)

PERMEABLE PAVERS

Drainage-friendly systems that let stormwater pass through the joints instead of running off — a smart choice for South Florida rain and permitting requirements.

(02)

POLISHED PAVERS

A honed, smooth surface finish for refined, modern spaces — the texture of natural stone with the strength of engineered concrete.

(03)

SHELLSTONE PAVERS

The classic coastal look: a shell-textured finish with a light, natural tone that suits pool decks and tropical landscapes.

(04)

SPECIALTY COLOR PAVERS

Custom color runs matched to your project. If the standard blends aren't the right fit, we manufacture the color you need.

(05)

TUMBLER PAVERS

Softened, antiqued edges for old-world charm — the weathered character of reclaimed stone, fresh off the production line.
